

TESTIMONY

1979 Saved. 6 years in the youth ministry, after high school I wasn't walking close to the Lord

Vicki Jamison healing crusade at Chabot College. Altar call with her hand on my head. A little anointing for healing then. A journey began.

1980 Single and at a Kenneth Copeland Believers Conference. 1st miracle I received personally. Norvel Hayes was speaker – prayed for growths. Warts gone!

Gloria Copeland's healing school influential in my life.

1980 Jay and I married. Growing exponentially. Called by God to full time ministry. God teaches you personally before you can teach it publicly. Neighbor named Kurt Hoffman who had emphysema and was also an alcoholic. Saved, off alcohol, healed. Ministered this man the healing power of God.

Prayed for a group from A.G. church people. One man who was an alcoholic. Power threw him 10 feet. Never drank again. Started Bible study because they saw and experienced the power of God and wanted the legitimate power of God.

1992 – Hammertoe. Surgery. Day before surgery Jay told me to walk and quote the Word. Persevered to the end. God laid a revelation on me from Isaiah 53:4 – He bore your grief and carried your sorrow. He carried your pain. Your faith is looking for a manifestation but believe me instead for the power of God to free you from pain. Faith adjustment. Pain left, then later the toes straightened out. No surgery. This miracle wasn't instant; I had to work for it by faith.

1986 – Moved to Minnesota to Pastor our 1st church.

1993 – Symptoms in my body and went to Dr. I was diagnosed with terminal illness Scleroderma. Auto immune disorder. Only treatment was steroid. Die or die. Didn't take medication but I don't recommend that unless Rhema word from God. Jay in denial. Found myself alone (Tape "I have No Man".) Facing death you go through a cycle. 1st, I thought I needed a man. Got rejected. Had to deal with unforgiveness. 2nd I went through self-pity. (Devil came to my pity party) 3rd I decided I was worthless and my self-image really suffered. Adam was called good before he did anything. He talked to me about my value being based upon Him. 24/7/365 I pressed in the Word. Most won't press like I did. It's hard. Sept 93 – May 94 with God, no distractions. I knew when I was healed, but my specialist did prove through blood tests that I was healed. (What hinders healing? tape series process of eliminating the obstacles. Flow of water from mountain top story)

1995 – Kenneth Hagin Holy Ghost Meeting. Mornings teaching were on the Gifts of the Spirit and he called us to the altar to pray specifically to pray for the power gifts. 1 Cor 12:7 (read it). Then the Lord spoke to me; "I'm placing a special anointing on you for healing. These gifts (He named them) will operate through your ministry when you lay hands on the sick. From this point on, as it begins, there will be times when this anointing comes upon your life and when it does you'll know what it's for. It's a special anointing for a special purpose. I want you to lay your hands on sick people."

The first time it came upon me strong I wasn't sure...He reminded me. Pastor would make provision for me to minister to the sick. I taught healing school once a month.

One time on a Sunday morning more anointing than sick people. Didn't lift. Anointing on me for three days. I thought I was going to die. I had to have that prayed off of me. I couldn't breath. It's a gift for someone else. I'm just a vessel. Jumper cables.

Called good friend Doug Jones at Rhema. He said the anointing of God is increasing. You need to minister to the sick more often. He thought we should start healing school every week. Miracle mania. Eventually got too big to keep in classroom and started a weekly service. I was getting this power off me and I was doing better. God would bring visitors supernaturally. (Man from Texas – Rodney Townsends back 7 degenerated disks – Helen Vaughan rotator cuff)

June 1998 – Campmeeting – Minister prophesied - Healing anointing increased two fold now. There was something Miss Kuhlman had (he laughed) God reveal it to her, show her, because it will be so.

Greater Works of Power – 1st Diabetic. Weight, bleeding eyes, overdosed after prayer.

People from other states coming. Lord talked to my husband and myself about me starting to travel and preach on healing and laying hands on the sick.

May 1999 – Pastors conference Called out and told there was an increase of the anointing and He had me lay hands on the sick.

May 1999 Birthday – Part of it - You have not tasted, felt, or touched even a tenth of the anointing that I desire to flow through you. It is only a trickle, a drip from the faucet. The river is yet to flow through you like you've never dreamed. It is only a trickle now, I will bless through your hands and your mouth and your eyes will see things you have never dreamed possible. Angels coming and going from heaven servicing and ministering to those you pray for, You will watch them and see them and you will talk to them and address them and move them. (there was more)

Summer 2000 – Our church 49 meetings. Guest minister read my mail in front of the whole church things that only I knew, or only Jay and I knew.

As this guest minister prayed for me, Jesus appeared to me. He talked to me about the healing ministry. He took me to three places. (I was not conscious of being in the church) Talked to me about me, my personality, how I needed to fulfill my call and run my race.

When it was all over they took up the offering. I asked why they

I stopped Him and told Him that I was the wrong person. Mean, bold and brassy and I offend people. Not the kind of minister to bring healing to the nations. He said no, you're wrong. I called you when you were in your Mother's womb. I know what kind of personality you have. I was there when you were little and pulled your dogs talk. I was there when you stole the cross from the Episcopalian church (it was your hunger for me that made you do it, but it's wrong to

steal), I was there when you went to the river to write prayers and poetry. When you had the strong desire to go to church when you were eleven, I led your parents to the LOPC because I knew the Pastor was a good man and would teach you my word. Remember when you snuck out of Youth Group and you went into the church sanctuary and felt your way to the cross and you hugged that cross? I was with you. Psalm 139

I've been with you for twenty years preparing you for ministry to the sick.

Right after this visitation with the Lord, I had calls and had ten meetings before the end of 1999. My first Crusade was in Long Beach, Ca. My second was just down the street from where I got saved 20 yrs ago.

People are praying for people to answer the call. Pray for me, God allows me to hear the cries of the sick sometimes and it's a haunting sound. I have a lot to do before He returns.

I covet your prayers for my upcoming healing crusade in Nigeria, Africa March 8-13. The harvest is coming. There is a healing revival coming. Everyone can be involved. Everyone who wants to be used by God can be a part of what is coming. This weekend, receive, but learn how you can minister to the sick also.
